HENDON SA 5014

Practice ID: **17451**
Our reference: **P70108**

Dear Dr Alex Alexander

Your practice has been approved for the Practice Incentives Program

Thank you for your application to register for the Practice Incentives Program (PIP).

Your practice has been approved from 29 March 2018 for the following PIP incentives:

- After Hours Incentive
- Asthma Incentive
- Cervical Screening Incentive
- Diabetes Incentive
- Indigenous Health Incentive

Your practice's PIP identification number is 17451. Please reference this number when contacting us about the PIP.

What you need to know

To ensure your practice continues to meet all eligibility requirements, you must familiarise yourself with the *Practice Incentives Program Guidelines*.

You must also advise us of any changes to practice arrangements within seven days of the change or seven days prior to the relevant 'point-in-time' date. Changes to practice arrangements can impact your practice's eligibility to participate in the PIP and the calculation of incentive payments.

You can register for incentives, make claims and update your practice details online through Health Professional Online Services (HPOS) at **humanservices.gov.au/hpos** using your Provider Digital Access (PRODA) account details. Changes you make online are visible and effective immediately.

Alternatively, you can download the PIP form/s at **humanservices.gov.au/pip** and fax it to 1300 587 696 for manual processing.
